Re: St. John's Ambulance Lifesaving Awards

I am pleased to advise that two members of the Windsor Police Service have been awarded St. John's Ambulance Life Saving Awards for life saving acts that took place on two separate occasions. Below are synopses of the events:

Constable Melissa Jacob

PC Jacob attended a call for a suicidal person. She arrived at the location and found no one around, however, a vehicle was parked in the driveway and the house was secure. Based on the urgency of the situation, PC Jacob gained entrance to the home. The interior of the residence was checked and once outside PC Jacob noticed the front door of the detached garage slightly ajar. Upon entering the garage, she found the victim in apparent self-inflicted medical distress. The officer requested the assistance of another individual at the scene who lifted the victim so PC Jacob could untie the ligature from the victim's neck.

The victim was lowered to the ground, assessed for vitals and placed in the recovery position. Once the victim gasped for air, PC Jacob with the assistance of an officer who had arrived on scene, held the victim in a seated position and provided reassurance and encouragement.

For her lifesaving act, PC Melissa Jacob is awarded the St. John's Ambulance Lifesaving Award - Silver Level.

Constable Arjei Franklin

PC Franklin was dispatched to an assist ambulance call for service at a residence. Information received indicated there was a party advising that a child was not breathing. Upon his arrival, PC Franklin located two individuals kneeling at the rear door of the residence performing CPR on the victim. He immediately approached and took the victim to assess vitals. The victim was not conscious and was not breathing. He immediately began CPR. Recognizing that the residence was tucked into a housing complex and it may be difficult to locate, he decided it would be best to bring the victim to the street where WFRS and EMS could easily locate them and continue life saving measures. At this point WFRS was on scene and continued with CPR.

PC Franklin is awarded St. John's Ambulance Lifesaving Award - Silver Level for his heroic efforts. It should be noted that this is the second lifesaving award PC Franklin has received in less than 2 years.

Background

The St. John Ambulance Life-saving Awards Program was established over 30 years ago to acknowledge those who have administered first aid while saving or attempting to save a life. The Silver Level Award recognizes individuals, who have saved or attempted to save a life through the application of first aid knowledge and skills, where no risk to life exists

WPS – Youth Diversion; Q4 Report 2022

Objective and Goal:

To review investigations involving young persons who have either been identified as a Subject, a Person of Interest, or an Offender to determine if reasonable grounds exist for a Criminal Charge, and if it is in the best interest of the Community and the youth offender to proceed by way of a **Youth Diversion** referral. This is also undertaken to identify factors that could be contributing to the youth offender not being identified as an appropriate candidate for the program.

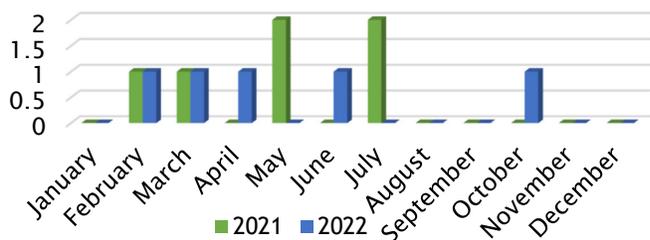

The goals are to increase the number of referrals to the **Essex County Youth Diversion Program**, and increase awareness of the program, which in turn would benefit the youth, family and support a safer community.

Highlights Q4:

- 87% success rate for course completion;
- YD and WPS have resumed delivering presentations together for the Catholic Board through the B.R.A.D. presentations;
- YD honoured to have two additional WPS members on the Board of Directors – Chief Jason Bellaire and Retired PC Neil McEachrane;
- WPS Cares received a grant to film a short ad highlighting YD and pre-charge delivery that is intended to be used by WPS

Crime Statistics November, 2022

December 14, 2022
Michael MENZEL
Intelligence Analyst, WPS

*Unless otherwise noted, all crime statistics in this report are compiled using the "all violations" methodology. These statistics should not be compared with those provided by the Canadian Centre for Justice Statistics (CCJS), a division of Statistics Canada. This published data measures only the most serious offence related to an incident. In addition, the CCJS includes the number of offences reported by the Windsor Detachment of the Royal Canadian Mounted Police with the Windsor Police Service crime statistics. The CCJS data should be used for comparisons between policing jurisdictions as all data is compiled using the same reporting methodology

***Unless otherwise stated, the crime statistics are shown as a combination of City of Windsor and the Town of Amherstburg**

Crime Statistics October, 2022

November 09, 2022
Michael MENZEL
Intelligence Analyst, WPS

*Unless otherwise noted, all crime statistics in this report are compiled using the "all violations" methodology. These statistics should not be compared with those provided by the Canadian Centre for Justice Statistics (CCJS), a division of Statistics Canada. This published data measures only the most serious offence related to an incident. In addition, the CCJS includes the number of offences reported by the Windsor Detachment of the Royal Canadian Mounted Police with the Windsor Police Service crime statistics. The CCJS data should be used for comparisons between policing jurisdictions as all data is compiled using the same reporting methodology

***Unless otherwise stated, the crime statistics are shown as a combination of City of Windsor and the Town of Amherstburg**

DATE OF ISSUE:	October 24, 2022
CLASSIFICATION:	General Information
RETENTION:	November 13, 2022
INDEX NO.:	22-0077
PRIORITY:	Normal

This year, the week of November 6 to 12, 2022 has been designated Crime Prevention Week in Ontario. As you know, Crime Prevention Week provides an opportunity to showcase the successful collaborative efforts between police services and community organizations as they work towards the common goal of preventing crime and creating safe, resilient communities across Ontario.

This year's provincial theme, "**Safer. Stronger. Together.**", enables police services to promote the benefits of a collaborative response to local crime and social issues related to safety and well-being, as well as educate members of the public on what they can do to stay informed and support community safety initiatives.

The ministry will use social media during Crime Prevention Week to increase awareness about crime prevention and community safety and well-being. Police services may wish to retweet and [follow](#) the ministry throughout Crime Prevention Week.

If your police service is interested in submitting a program to be featured by the ministry on social media during Crime Prevention Week, please complete the attached template (**Appendix A**) and email it to Shamitha.Devakandan@ontario.ca by **October 31, 2022**, along with a photo that the ministry has permission to use on social media. The ministry will review the information and photos provided and may use submissions to create tweets that will be posted on **@ONSafety**.

Police services across the province are also encouraged to use the hashtag **#CPWeek2022** to promote your own local initiatives, online events, and activities that align with the provincial theme and demonstrate collaborative approaches to crime prevention and overall community safety and well-being.

To support police services, the ministry has developed social media shareables for Crime Prevention Week. Please visit the Ontario Association of Chiefs of Police (OACP) website (www.oacp.ca) to access the images. I would like to thank the OACP for its input into the planning process and posting of crime prevention materials on its website.

If you have any questions about this year's provincial approach to Crime Prevention Week, please contact Shamitha Devakandan, Community Safety Analyst, by email at Shamitha.Devakandan@ontario.ca .

Thank you for your ongoing efforts in helping to build safer, stronger communities in Ontario.

Sincerely,

Richard Stubbings

CLD MEMORANDUM RESPECTING ALL CHIEFS' MEMO

MEMORANDUM TO: Richard Stubbings
Assistant Deputy Minister
Public Safety Division
Ministry of the Solicitor General

FROM: Randy Schwartz
Assistant Deputy Attorney General
Criminal Law Division - Ministry of the Attorney General

DATE: October 28, 2022

SUBJECT: **Direction of the Attorney General –
s. 164.2 Forfeiture in Child Pornography and Other Sexual
Exploitation Cases**

I am writing to advise you of an update to the previously issued Direction of the Attorney General as to the disposition of property ordered forfeited under s.164.2 of the *Criminal Code*.

The updates to the Direction reflect a change in:

- the offences enumerated in the s.164.2 forfeiture provisions and thus covered by the Direction, and
- who has the authority to provide an alternate direction.

Section 164.2 provides for forfeiture of items used in the commission of a number of sexual exploitation offences namely:

- 162.1 (non-consensual distribution of an intimate image) (NEW);
- 163.1 (child pornography);
- 172.1 (luring a child) (NEW);

- 172.2 (agreement or arrangement – sexual offence against a child) (NEW)

The section reads that property ordered forfeited under the section is to be disposed of “as the Attorney General directs”.

On May 18, 2022, Deputy Attorney General David Corbett signed a new direction in relation to such property. The new direction provides that:

All property, other than images or other depictions of children, that is the subject of an Order of Forfeiture, pursuant to s.164.2 of the Criminal Code, is to be destroyed unless superseded by an express alternate direction authorized by the Director, Crown Law Office – Criminal.

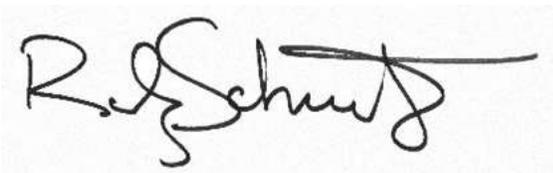

Images, or other depictions of children, are to be destroyed unless required by the police, in which case they are to be retained and used at the direction of the police.

No property shall be disposed of pursuant to this Direction until thirty days following the date of an order of forfeiture or, where an appeal is taken from an order of forfeiture, or another proceeding is commenced in which the seizure or forfeiture of the property is challenged until thirty days following the disposition of the appeal or other proceeding.

Alternate directions may be requested where property subject to the forfeiture order is required for further investigation in Canada, or in a foreign jurisdiction, or where the property is of such a nature that it might be useful to the police in future investigations.

If police identify an item, or items, for which they seek an alternate direction they should contact Lisa Henderson, Internet Child Exploitation Team Lead, of the Crown Law Office – Criminal at lisa.henderson@ontario.ca (416) 458-7071. Ms. Henderson can provide guidance to officers about next steps and answer any other questions officers may have about this procedure.

Sincerely,

AND WHEREAS, s. 164.2 (1) of the *Criminal Code* provides that, where the court allows such an application, the property shall be forfeited to Her Majesty and disposed of as the Attorney General directs;

SUBJECT: Solicitor-Client Communications

DATE OF ISSUE:	November 1, 2022
CLASSIFICATION:	General Information
RETENTION:	Indefinite
INDEX NO.:	22-0080
PRIORITY:	High

As a result of recent incidents that have come to the Ministry of the Solicitor General's (Ministry) attention, the Ministry would like to remind all police services that conversations between individuals and their legal counsel must not be listened to or recorded by police services in any manner. The right to retain and instruct counsel without delay under section 10(b) of the *Charter* includes the right to consult legal counsel in private.

Recording audio or visual aspects of solicitor-client privileged communications is a serious infringement and may result in criminal charges being stayed or withdrawn, even if the recording is unintentional and even if the police service does not attempt to use the recording as evidence against the accused. Recording solicitor-client privileged communications undermines an important principle of the justice system – that individuals who are arrested or detained have the right to receive confidential legal advice.

The Ministry requests that you take whatever steps are necessary to ensure that your police service is not recording solicitor-client privileged communications in any manner.

Sincerely,

Richard Stubbings

CLD MEMORANDUM RESPECTING ALL CHIEFS MEMO

Ministry of the Attorney General

DATE: October 28, 2022

SUBJECT: **Differences between All Chiefs Memos (ACMs),
Privileged Legal Advice to Chiefs (PLACs) and CLD's
Case Summaries**

Further to the Legal Advice to Chiefs 21-001: "Solicitor-Client Privilege in Legal Advice to Chiefs" dated October 12, 2021, the Ministry of the Attorney General's Criminal Law Division (CLD) has received and incorporated feedback to further define the process by which information, including confidential legal advice, is formally prepared and provided by CLD to police services, to ensure that information is shared only with the appropriate and intended recipients.

In short:

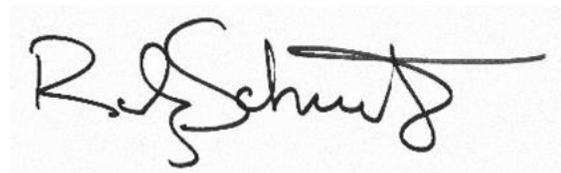

- The document entitled "Legal Advice to Chiefs" (LAC) has been re-named "Privileged Legal Advice to Chiefs" (PLAC). PLACs contain confidential and

privileged legal advice prepared by CLD for the purpose of dissemination (through the Ministry of the Solicitor General) *in its original form* to only the OPP Commissioner and local police Chiefs across Ontario. Generally speaking, PLACs *should not be* further disseminated in PLAC format, including to frontline officers. Where appropriate, and only with necessary caveats and controls, PLACs can be shared with police services boards and the Ontario Police College. These caveats and controls include that it must be clearly noted on the document, at the time of sharing, that:

- the advice is privileged,
 - such dissemination does not constitute waiver of the privilege,
 - the document is being shared only for the purpose of making decisions regarding resources and governance,
 - the document cannot be shared or disseminated further (including posted publicly) and
 - any related meetings must be held *in camera*.
-
- In contrast, All Chiefs Memos (ACMs) are not privileged legal advice to Chiefs and can be shared directly with frontline officers, and police services boards.

For further details regarding the distinctions between these and other documents prepared by CLD, please see the enclosed chart.

Sincerely,

Ministry of the Attorney General

DATE: October 11, 2022

SUBJECT: **The Use of Force by Police Officers (sections 25 & 26 of the *Criminal Code*) – A Practical Summary of the Law and Governing Principles**

The following is a practical summary of the legal principles governing the use of force in the lawful exercise of police powers, and related matters of significance to criminal prosecutions. This summary is intended to be used by police services and police colleges in the training of police officers, and by police services boards for the purposes of governance. Police services should ensure that their current policies and procedures are consistent with the advice in this summary, and, if necessary, update them accordingly.

1. **OBLIGATION TO ENSURE USE OF FORCE RESTRICTIONS ARE OBSERVED:** The Crown, the judiciary, police services, and individual police officers are each required to ensure that statutory and common law restrictions

on the use of force are observed and enforced.¹ Unnecessary use of force by police officers contributes to community distrust and undermines public confidence in the administration of justice. This issue is particularly serious for individuals within Indigenous and Black communities in Ontario, as well as other marginalized or racialized communities.²

2. **UNDERSTANDING THE RELEVANCE OF USE OF FORCE IN A CRIMINAL CASE:** It is important to keep in mind that the use of force by police in any criminal case may be relevant to the prosecution in a number of ways.

The use of force by police may be relevant to the prosecutor's assessment of whether there is a reasonable prospect of conviction, or whether it is in the public interest to continue the prosecution. The use of force by police may also be relevant to applications by accused persons alleging excessive force and seeking a remedy under the *Canadian Charter of Rights and Freedoms*. And the use of force by police in a case may be relevant to determining the appropriate sentence imposed by the presiding Judge.

3. **THE USE OF FORCE BY POLICE MUST BE AUTHORIZED BY STATUTE OR THE COMMON LAW:** Police officers may use force in the execution of duty only if permitted by statute or the common law. More particularly, the statutory or common law authority on which an officer relies when using force must apply to the particular duty that the officer is carrying out. Unless an officer possesses such authority in any particular case, the use of force by the officer may be unlawful, and, accordingly, the officer could be liable for assault or for other related offences as applicable in the circumstances.

4. **THE USE OF FORCE BY POLICE IS GOVERNED BY THE PRINCIPLES OF NECESSITY, PROPORTIONALITY, AND REASONABLENESS:** Even when the use of force may be authorized to carry out a particular type of duty, a police officer does not possess an unrestricted right to use force. The lawful use of force by police is constrained by the principles of necessity, proportionality, and reasonableness. That is, an officer will be justified in using force in any particular case only if the harm sought to be prevented could not be prevented by less violent means, and that the injury or harm done by, or which might reasonably be anticipated from the force used, is not disproportionate to the injury or harm it is intended to prevent.

In accordance with those principles, section 25(3) of the *Criminal Code* specifies that an officer is *not* justified in using *lethal* force (that is, force that is intended or is likely to cause death or grievous bodily harm) unless they believe on reasonable grounds that such force is necessary to avoid the death or grievous bodily harm of themselves or a person under their protection.

¹ *R. v. Nasogaluak*, 2010 SCC 6 at para. 32; and *R. v. Davis*, 2013 ABCA 15 at para. 57 (in dissent), reversed 2014 SCC 4

² *R. v. Morris*, 2021 ONCA 680 at paras. 1, 39-43; *R. v. Le*, 2019 SCC 34 at paras. 59, 89-97; *R. v. Theriault and Theriault*, 2021 ONCA 517 at para.143

5. **THE MEANING OF “EXCESSIVE FORCE”:** The use of force by an officer will be excessive if the officer did not have the authority to use force, or otherwise if it violates the principles of proportionality, necessity, and/or reasonableness. Under s. 26 of the *Criminal Code*, a police officer who uses force is “criminally responsible for any excess ...”
6. **THE SCOPE OF AN OFFICER’S DISCRETION IN USING FORCE:** Police officers possess a measure of reasonable discretion in determining whether force is required, and if so, to what degree. The police engage in dangerous work, and, on occasion, must act quickly in emergencies. Assessments regarding the use of force need not be based on a “standard of perfection”, nor calibrated with “jewellers’ scales”. Moreover, an officer is not required to use only the least amount of force which might achieve their objective. However, a use of force which objectively violates the principles of proportionality, necessity, and/or reasonableness, in light of the circumstances known to the officer at the time, may leave the officer liable for excessive force.
7. **THE IMPORTANCE OF DE-ESCALATION AS A TACTICAL OPTION:** “De-escalation” is a term that refers to non-use-of-force tactical options that a police officer may use when confronting a violent or non-compliant individual. (This term is also sometimes used to refer to use-of-force options that have achieved compliance on the part of a subject, but to avoid confusion the term should be restricted to non-use-of-force options: See “National Consensus Policy and Discussion Paper on Use of Force” (2020), International Association of Chiefs of Police et. al.).

De-escalation techniques have the purpose of resolving or stabilizing a volatile situation without the use of force, or with a reduction in the amount of force that would otherwise be needed. De-escalation seeks to slow the dynamics of an encounter, thereby gaining time to allow for the arrival of further resources and tactical options which may further minimize or eliminate any need to use force. De-escalation seeks to pacify the non-compliant individual by means of building a personal rapport with the police officer, and thereby reduce or eliminate the likelihood of violence on the part of the individual.

Whether de-escalation may be effective or even feasible in any particular case will depend on an assessment of the circumstances at hand. Police are trained to assess, plan and act, based on existing circumstances, but also to reassess and adapt as circumstances evolve. Key considerations include, for example, the tactical options immediately available to police; whether further tactical options will be arriving at the scene; and the nature and degree of risk posed by the non-compliant individual. A situation may begin with de-escalation being a reasonable tactical option, but it can reverse in an instant.

In situations where it is feasible, de-escalation may be particularly effective in dealing with individuals who are in a state of crisis or suffering from an apparent mental illness. De-escalation may also be particularly effective when dealing with

members of Indigenous and Black communities, as well as members of other marginalized or racialized communities.

There is no legal duty that requires an officer to employ de-escalation techniques in every case. However, an officer may not use force if there are non-violent tactical options that are reasonably available to the officer, by which the officer's lawful objective would likely be accomplished.³ Accordingly, in a case where an officer used force in circumstances where de-escalation was an objectively reasonable alternative, such use of force may be excessive.

8. OFFICERS MUST ADEQUATELY DOCUMENT CIRCUMSTANCES

SURROUNDING THE USE OF FORCE: In a case where an officer uses force against a person, the Crown Brief must contain sufficient information regarding the incident to permit an assessment of the lawfulness of the officer's use of force, including whether de-escalation was or was not a reasonable tactical option. Each officer who is present at a scene where there is a use of force by police, whether the officer applied force or is a witness, is required to summarize the circumstances of the altercation, based on their observations, in their notebooks and/or other police records. This duty applies whether or not a charge is laid by police in connection with the occurrence.

In any instance where force is used, the following matters should be addressed, as far as possible, from each officer at a scene based on their direct knowledge:

- i) the events/circumstances that led police to engage the person in issue;
- ii) details regarding the use of force, including:
 - a. the type of force that was used;
 - b. the reason that force was used;
 - c. whether the force resulted in an apparent injury, or whether the subject of the force complained of an injury;
 - d. the names of the officers who were present, who used force, and who caused injury (if any);
 - e. the physical attributes of the injured person;
 - f. the conduct and demeanor of the person during the incident;
 - g. the verbal exchanges/communication between the person and

³ See *R. v. Aucoin*, 2012 SCC 66 at para. 39; *R. v. Davis*, above; and *R. v. Baxter* (1975), 27 C.C.C. (2d) 96 (Ont. C.A.) at 113.

police during the incident;

- h. whether reinforcements or other assistance was requested by officers at the scene, including but not limited to EMS personnel and/or specialized response teams;
 - i. whether de-escalation was considered or attempted;
 - j. if de-escalation was not attempted, the reasons for that; and
 - k. other pertinent factors (e.g. time, factors impacting visibility, and location of the incident).
- iii) in cases where there is an apparent injury, or a complaint of injury, the steps that police took, if any, to provide medical assistance; and
 - iv) steps taken by police, if any, to notify their superiors that there had been a use of force that resulted in an apparent injury or a complaint of an injury.

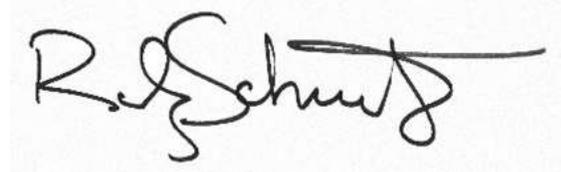

An officer who deliberately fails to adequately record the circumstances surrounding a use of force, or to hide its occurrence, whether the officer themselves used force or was a witness to the incident, may potentially be charged with criminal offences or related administrative offences.

The duty to adequately record the use of force applies in any circumstance where an officer is exercising police powers, irrespective of whether the officer is “on duty” or “off duty”.

9. **POLICE MUST PROVIDE OR OBTAIN MEDICAL ASSISTANCE FOR PERSONS WHO ARE INJURED, AND MUST REPORT SUCH INJURY TO THEIR SUPERIOR:** If in the execution of their duty a police officer applies force which results, or appears to result, in the injury of a person, or if a person in an officer’s custody otherwise appears injured or in physical distress, the officer must provide and/or obtain medical assistance as soon as practicable, and must also promptly report such injury or distress to their superior.
10. **OFFICERS MAY NOT WITHHOLD THEIR NOTES FROM DISCLOSURE:** A police officer who is a witness in a prosecution may not withhold their notes from disclosure for the purpose of protecting themselves from potential criminal or civil liability, subject to one narrow exception; that is, an officer who is the subject officer in an investigation being conducted by the Special Investigations Unit (SIU) is not required to produce their notes to the SIU (although they may do so voluntarily).

RE: **Online Special Permit**

The purpose of this letter is to advise the policing community across the province that the Ministry of Transportation (MTO) is implementing a new online Special Permit. This is part of the government's plan to cut red tape and put people first by making digital services more accessible.

Online Special Permits

Effective November 28, 2022, vehicle registrants who have purchased a Special Permit at a ServiceOntario centre for a specific Registrant Identification Number/Vehicle Identification Number (RIN/VIN) combination have the option to purchase a subsequent Special Permit online if the subsequent Special Permit is purchased within a 365-day period.

A limit of two Special Permits may be purchased per RIN/VIN combination within a 365-day period except for laden (i.e. loaded) commercial vehicles (including buses), which do not have a limit. The first Special Permit for a specific RIN/VIN combination must be purchased at a ServiceOntario centre within a 365-day period to be eligible for a subsequent permit purchase online (see Appendix 1 for a sample of the Online Special Permit).

There will be no changes to MTO's systems as a result of this new online service.

What is a Special Permit?

- A Special Permit is available to customers whose vehicles do not qualify for Temporary Vehicle Registration.
- A Special Permit is a paper permit issued for a motor vehicle or trailer owned or leased by a resident of Ontario or of another jurisdiction where there is no intent to register the vehicle in Ontario (i.e. for the purposes of transporting or relocating a motor vehicle).
- A vehicle displaying a Special Permit is temporarily exempt from Ontario registration.
- The Special Permit is valid for 10 days, beginning on the day of issue and expiring on the 10th day at midnight, including Saturdays, Sundays, and holidays.
- A Special Permit may be purchased only on the first day that it is to be used. It cannot be purchased in advance.
- A Special Permit may be issued only to a "fit" vehicle.

Requirements for Purchasing a Subsequent Special Permit Online

- To purchase a Special Permit online, the customer must have purchased their first Special Permit in-person at a ServiceOntario centre.
- The Special Permit must have been purchased for that specific RIN/VIN combination within the preceding 365 days.
- A limit of two Special Permits may be purchased per RIN/VIN combination within a 365-day period, except for laden (i.e. loaded) commercial vehicles (including buses), which do not have a limit. The first Special Permit for a specific RIN/VIN combination must be purchased at a ServiceOntario centre within a 365-day period to be eligible for a subsequent permit purchase online. After this time, customers must return to a ServiceOntario to purchase a Special Permit before a subsequent permit can be purchased online.
- This new online service will be available to Ontario residents only. Out-of-province residents must visit a ServiceOntario centre in-person to purchase a Special Permit and a subsequent permit, if needed.
- Special Permits purchased online may be printed in colour or black and white. The permit must be affixed to the top right corner inside the windshield or if the vehicle is a motorcycle/limited-speed motorcycle (LSM) display the permit in some other visible place if the motorcycle does not have a windshield. Tape or adhesive may be used to secure the permit to the vehicle.
- In the event a customer encounters technical difficulty downloading the Special Permit online or fails to receive a digital copy of the Special Permit via email, the customer may contact ServiceOntario to have the email or digital Special Permit resent provided the customer meets authentication requirements.

Further details can be found on the Ontario government's website [Ontario.ca](https://www.ontario.ca).

If police services would like to discuss the information regarding an Online Special Permit in more detail, they may contact Frank Iannuzzi, Manager, Vehicle Program Development Office at 416-895-2077 or Frank.Iannuzzi@ontario.ca.

Thank you for your assistance.

General Instructions

Completing the Report:

- Officers must complete all fields that are applicable and those identified as mandatory by an asterisk (*).
- For the purposes of this report, the terms “reporting officer” or “officer involved” refers to any member who is required by regulation to complete a use of force report or is completing a report on behalf of other members in accordance with the regulation.
- For more information on an associated field or section click the question mark icons (?) or “Show Help” throughout the report.
- To use dropdown lists, begin to type the first letter of your response to go directly to that option and use arrow keys on your keyboard to navigate up and down to select the appropriate option.
- The completion of certain fields may trigger other hidden fields to become visible.
- **“Other” categories/response options should only be used when the responses that are provided are not applicable.**
- Information provided in this report should be supported by appropriate articulation in the officer’s notes/memo book.
- Information provided in this report should generally be based on the officer’s perceptions **at the time they made the decision to use force.**
- If it is necessary to redo the entire report or multiple sections of the report, it is preferable to open a new version of the report template and start over, rather than using the “Clear Form” button or undoing/changing multiple fields already completed.

Saving and Reviewing the Report:

- Officers completing this report may save a draft by selecting the "Save Draft" button. The officer will be alerted to any missing or incorrect fields and a visual indicator (red highlighted border) will appear.
- Once the reporting officer has completed the report and saved it as a draft, it should be forwarded to the appropriate reviewer(s), per police service policy.
- The report should continue to be saved as a **draft** throughout the reviewing process.
- Changes to the report should only be made by the officer involved or by an appropriate reviewer(s) with the express consent of the officer involved.
- Only the training analyst may save the report as final. Once the “Save Final” button is pressed, it will be locked, and no further changes can be made. The analyst will be alerted to any missing or incorrect fields, and a visual indicator (e.g., red highlighted border) will appear.
- Once saved as final, only the training analyst should submit a copy of the completed form to the Ministry of Solicitor General by selecting the “Submit Form to SolGen” button.

Only reports required by the regulation should be submitted to the ministry. If police service policy requires members to use this report for additional purposes, such reports must not be submitted to the ministry.

SUBJECT: Application process for Next Generation
9-1-1 (NG9-1-1) Transition Funding Supports

Ontario has opened its call for applications to access the NG9-1-1 transfer payment program to support municipalities and 9-1-1 communication centres to transition their emergency response systems to Next Generation 9-1-1.

Next Generation 9-1-1 is a new emergency communications system that will improve public safety by enabling voice, text messages and data to flow seamlessly from the public to 9-1-1 communication centres when emergency assistance is required.

The existing 9-1-1 system has been in place for more than 30 years and has reached its end of life. To address the legacy system, the Canadian Radio-television and Telecommunications Commission (CRTC) has mandated that emergency telecommunications networks must transition to a new digital 9-1-1 platform by March 4, 2025. This will enable Canadians to access new, enhanced, and innovative 9-1-1 features with internet protocol (IP) based capabilities.

Next Generation 9-1-1 (NG9-1-1) Transition Funding Supports

The funding, first announced in April 2022, will be provided over three years to help municipalities and their emergency response communication centres provide the infrastructure, technology upgrades and training needed to transition to Next Generation 9-1-1 by March 2025.

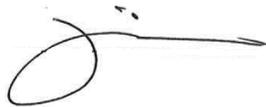

Municipalities that directly operate a 9-1-1 communication centre within their jurisdiction are eligible to apply for funding starting today. Eligible applicants can apply through the [Transfer Payment Ontario](#) portal. Applications will be received until December 21, 2022. In order to access any of the funding over the 3 years, initial applications, including completion of the readiness assessment questionnaire, is required.

To help support 9-1-1 applicants with the NG9-1-1 application process, including the readiness assessment questionnaire, the Ministry of the Solicitor General, Emergency Services Telecommunication Division have scheduled virtual information sessions. Please see Appendix A for additional details. We encourage municipalities to work with their Public Safety Answering Points in jointly completing the application and the questionnaire.

We appreciate your support in sharing this letter with your membership to ensure all eligible applicants can access this funding support.

On behalf of the Ministry of the Solicitor General, we look forward to working with you and your teams to support the transition to Next Generation 9-1-1 to enhance emergency response capabilities in Ontario.

Sincerely,

Joy Stevenson
Assistant Deputy Minister, Emergency Services Telecommunications

SUBJECT: Application process for Next Generation
9-1-1 (NG9-1-1) Transition Funding Supports

On Monday November 28th, the Ministry of the Solicitor General announced the opening of the application process for the NG9-1-1 Funding Supports that was announced in April this year.

We have received valuable feedback on the announcement and associated timelines from our stakeholders directly, and through the Inter-Agency Panel. We have heard your concerns and are extending the date for applications to **January 10th, 2023**. In order to support all applicants, we are also hosting information sessions to walk applicants through the application process, including the readiness assessment questionnaire and the Transfer Payment Ontario (TPON) system.

We have established a dedicated email (ESTD.NG9-1-1@ontario.ca) for all applicants to directly correspond regarding the program. Please reach out through this email or to me directly if you have any concerns, so that we can work to support any unique needs that you may have.

Next Generation 9-1-1 (NG9-1-1) Transition Funding Supports

Ontario is pleased to be providing this funding to help support the transition to NG9-1-1 before the transition deadline of March 4, 2025. The Central Ambulance Communications Centres (CACCs) and Ontario Provincial Police are not eligible for this transfer payment program as they are separately funded by the Ministry of Health and the Ministry of the Solicitor General, respectively. The government is providing this funding as Ontario is a responsible government and understands the constraints that municipalities face.

We are scheduling four sessions to work with all stakeholders and submit the application process, as set out below. Registration is through the dedicated email address at ESTD.NG9-1-1@ontario.ca. However, if there is a need for further support we are happy to add additional sessions and provide time to respond to any questions that you may encounter as you complete these applications along with your Public Safety Answering Points (PSAPs).

Session A - Monday December 5, 2022, 10:00 a.m. – 11:00 a.m.

Session B - Tuesday December 6, 2022, 11:00 a.m. – 12:00 p.m.

Session C - Thursday December 8, 2022, 11:00 a.m. – 12:00 p.m.

Session D - Monday December 12, 2022, 11:00 a.m. – 12:00 p.m.

In total, there is \$208 million available to support NG9-1-1 readiness and transition over 3 years, with up to \$80 million available in the ministry's fiscal 2022-23 and the remaining funding available over the 2023-24 and 2024-25 fiscal years. The deadline of January 10, 2023 is for 2022-23 funding only. This will be an iterative process, with an opportunity for new assessments and applications commencing in the next fiscal cycle. However, in order to be eligible for any of the funding, municipalities operating PSAPs in their jurisdiction must submit an application in this first phase. In order to complete the funding roll-out for the remaining years, it is crucial to get the information submitted in Phase 1 and to work with stakeholders to ensure this funding will support municipalities and the province to transition in the required time frame.

The first phase will be focused on funding higher risk PSAPs and municipalities, with all remaining funding focused on supporting the whole sector to seamlessly transition to the new standards. The next phase will focus on supporting all municipalities, including those with comprehensive and well-thought-out plans, and the work of early adopters within the constraints of Treasury Board directives.

We will continue to welcome the advice of the IAP in early January 2023 on governance, standards and sustainability to inform future decision making. However, the Ontario government is bound by Cabinet approval in place and cannot further delay this program. We need time to assess and enter into agreements before March 31, 2023, otherwise we risk losing the \$80 million for fiscal 2022-23 and the valuable support that this can provide across the province.

We recognize that this request is over the holidays. Recently, for Automated License Plate Recognition, we provided a timeline of just over 5 weeks. With this extension,

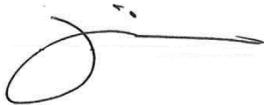

Next Generation 9-1-1 (NG9-1-1) Transition Funding Supports

we are providing just over 6 weeks. We recognize the challenge with the holidays, but have no choice but to proceed or risk losing the funding to support you.

We are working diligently to support all of Ontario, to support readiness and to ensure as equitable as possible supports for early adopters, within the constraints of existing approvals. We will communicate more in the next months on the remaining years and will also share communication with the IAP prior to more broad announcements.

Thank you for your support as we work together to protect Ontario.

Sincerely,

Joy Stevenson

BY EMAIL

Dear Minister Kerzner,

Thank you for your letter of October 6, 2022, informing Chiefs of Police of your recent discussions with your federal counterparts. We want to share details related to urgent community safety challenges in Durham Region and across this Province and to ask for your leadership in bringing together key stakeholders to identify and implement real and substantial solutions to concerning trends regarding firearms and mental health interventions.

At the outset, we wish to acknowledge the critical work being done across Ontario within the police, social services, and health care sectors to confront the serious, evolving and complex problems that our communities are facing. We owe our frontline workers a huge debt of gratitude for the outstanding work they have performed and the significant burden they have carried on behalf of our communities over the last several years.

That said, there are two very serious and growing issues in particular that are concerning to the Durham Regional Police Service (DRPS) and our community: firearms-related crime and mental illness. While these challenges are common to many communities across Ontario we wanted to share some concerning local statistics to provide context to this concerning trend.

From 2017 to 2021, the number of shootings in our Region increased by 62%, and the number of injuries and deaths from guns in the first half of 2022 is far higher than the previous two years. In 2021, the DRPS seized 161 crime guns, higher by 64% compared to 2020. The majority of the firearms seized are from south of the border. Of the 125 individuals charged with firearms offences last year, more than a quarter had already been charged for a criminal offence and were under court restrictions when they reoffended. We remain very concerned about the seriousness and recent growth of firearms crime, and the challenges associated with persistent reoffending. We believe that it is imperative that concerted action be taken to confront the proliferation of firearms crime in this Province and across Canada. This is especially important given the recent and tragic murders of three police officers by firearms in Ontario. Any action to protect

our dedicated frontline personnel and the communities they courageously serve must be taken. I have attached, for your information, a copy of a letter sent in June 2022 to the federal Minister of Justice and Attorney General of Canada and to the Minister of Public Safety, endorsing legislative changes related to firearms crime that were developed by the Toronto Police Services Board. We have yet to receive a response to this letter.

With respect to mental health challenges, over the last year, the DRPS made more than 2800 apprehensions under the Mental Health Act, or almost 8 apprehensions a day. This is an increase from just under 7 apprehensions per day the year before. This is an astounding number of individuals in our Region who are not receiving the proper mental health care and attention that they need and deserve, and the consequences are severe for them, their families and our communities. The DRPS' involvement with mental health patients is also impeding our ability to staff frontline policing, given the excessive amount of time that officers are spending at hospitals waiting to offload patients. The DRPS is spending hundreds of thousands of dollars a year on the salaries of officers sitting in hospital waiting rooms. This is not an acceptable or sustainable practice.

Many have noted the interrelated complications of homelessness, opioid addiction, and mental health, which have been exacerbated since the onset of the COVID-19 pandemic. Durham Region has adopted a Community Safety and Wellbeing plan and is in the process of implementing strategies to address identified risk factors; however, the support of other levels of government is needed to achieve the objectives that have been prioritized.

We believe that our local efforts to reduce and prevent the risks to community safety and wellbeing can only be successful if they are supported and reinforced by provincial and federal actions and investments. Appropriate resource allocation is essential for us to meaningfully address these persistent problems that so many communities across this Province are experiencing.

We ask that you prioritize this issue and quickly bring together an expert panel of key stakeholders to develop a real plan moving forward. We look forward to being part of that process and working with you and others to identify and implement solutions to the ongoing community safety challenges we are facing.

Sincerely,

Bobbie Drew

Dear Ministers Lametti and Mendicino,

I am writing to express the support of the Durham Regional Police Services Board for the legislative proposals advanced by the Toronto Police Services Board and communicated to you on May 25, 2022.

Chair Hart and Executive Director Teschner, based on a report from Toronto Police Chief Ramer, present a compelling case to modernize the law pertaining to bail and sentencing for certain crimes involving firearms, based on recent incidents in the City of Toronto. In Durham Region, which borders Toronto to the east, crimes involving firearms continue to cause grave community concern. From 2017 to 2021, the number of shootings has risen steadily, with an increase of 62% over this period of time. In 2021, the DRPS seized 161 crime guns, higher by 64% compared to 2020. There were 125 individuals charged with firearms offences in 2021, and 27% of these individuals were in breach of a court order. Clearly these statistics reveal the seriousness and recent growth of firearms crime, including the high levels of involvement of individuals who have had previous interaction with the justice system. Furthermore, as you know, there have been an alarming number of carjackings and attempted carjackings involving firearms in Durham Region and in neighbouring jurisdictions in recent months, and these have accentuated levels of fear and concern among citizens in our community. Our Board strongly believes that alternative approaches, with

leadership from the federal government, must be adopted in support of the safety of our community.

In their letter to you, Chair Hart and Executive Director Teschner make the following recommendations:

- require that Bail Hearings for the most serious firearm offences be heard by a judge of the Ontario Court or Superior Court, clearly conveying Parliament's view of the seriousness of these offences (and their impact on the public) as well as reflecting the views and concerns of the public about these incidents;
- add an additional route to First Degree Murder under Section 231 of the *Criminal Code*, by including death resulting from the discharge of a firearm in a congregate setting; this would act as a strong deterrent, clearly express society's disapprobation of such conduct and help maintain public confidence in the justice system; and
- increase parole ineligibility to 2/3 of an individual's custodial sentence, for any offence where the court finds that the offender discharged a firearm in a congregate setting (including those who are found to be parties to such offences).

The Durham Regional Police Services Board strongly endorses each of these proposals as a means to hold offenders accountable and strengthen community safety. Our Board encourages you to prioritize these proposals on the Government's legislative agenda.

Your attention to this matter is appreciated.

Sincerely,

Bobbie Drew
Chair
